# WELCOME

At LV Group we are committed to improving the lives of older adults.

Not just through our beautiful residences and our nursing and homecare companies but also by sourcing and providing high quality equipment designed specially for the needs of the older population. I very much hope you find some useful products in this catalogue and would urge you to visit our Pharmacy in St Helier or call our knowledgeable staff if you want any advice about the products or indeed anything else that we do.

We know we only improve by listening to and working with our customers and I do very much hope to hear from you.

All the best.

## Quality Care in a Stunning Setting.

LV Care Group is proud to introduce Cheval Roc, a state of the art nursing and residential care home opening in Jersey, winter 2017.

### LOCATION

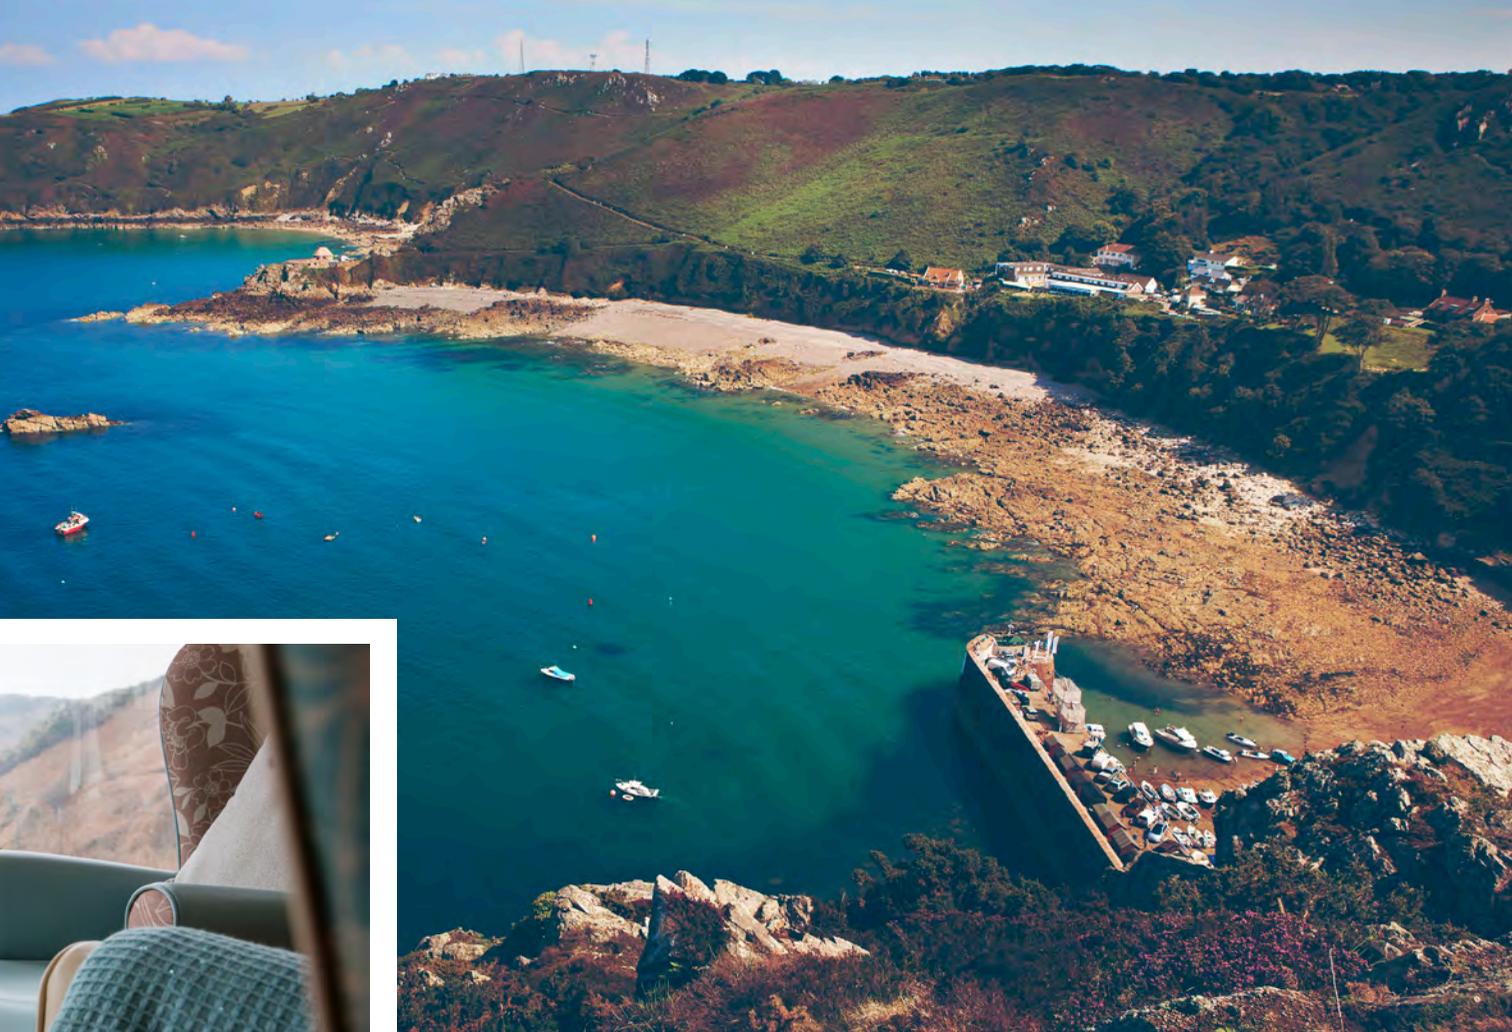

**Cheval Roc  
Residential & Nursing**  
Les Nouvelles Charrières,  
Bonne Nuit,  
Jersey JE3 4DJ  
T. 01534 888237

*Situated on the picturesque headland of Bonne Nuit Bay, the care home offers an exceptional environment with most rooms enjoying incredible sea views.*

Cheval Roc will mirror the high quality services of its award-winning sister care home; Lavender Villa Residential. The dedicated and professional team will provide personal care to meet each individual's needs and endeavor to create 'a home away from home' for all residents.

The home will cater for a variety of needs and offer both nursing and residential care. Residents and their relatives will be involved in all decisions and experienced staff will ensure that residents maintain maximum independence. There will be 38 superior rooms available, all en-suite, with a unique and quality finish.

LV Care Group is a fast-growing, dynamic company focused on providing the highest standards of care. They put people at the heart of everything they do and this person-centered approach informs every sector of the local business.

*Most of the rooms enjoy stunning views of Bonne Nuit Bay*

Alaistair Jerrom-Smith, Director,  
Cheval Roc:

*“We can’t wait for people to see the new Cheval Roc nursing and residential home. As a locally owned company, nothing makes us more proud than providing the highest quality accommodation and care for local residents.”*

**Cheval Roc is open for viewings, please contact the LV Care Group on 01534 888237 for any enquiries.**

***Jersey’s premier Nursing & Residential Home. Rooms starting from £120 per day:***

- Individual care focused on what is best for the resident
- Beautiful location in Bonne Nuit
- Stunning views
- All en-suite rooms exceed current care standards
- Friendly caring staff
- Full time nursing and residential care

# Aquaflex®

Weighted Vaginal Cones

### What is Aquaflex®?

Aquaflex is a clinically proven Pelvic Floor Muscle Exercise System consisting of two cones and a set of weights. It has been designed to help improve your pelvic floor muscle tone.

If you accidentally leak urine when you laugh, cough, sneeze or exercise, you may be suffering from stress incontinence and this could be caused by weak pelvic floor muscles. If you exercise and strengthen your pelvic floor you can regain control!

### It's easy!

By using this simple and easy to use device for just twelve weeks, the inconvenience of those embarrassing leaks could disappear forever!

09 125 3673

£26.64

### How does Aquaflex® work?

It is important to exercise your pelvic floor muscles correctly. The Aquaflex Cone is inserted the same way as a tampon and causes the pelvic floor muscles to automatically contract around it. It is this reflex that tones the muscles.

As your pelvic floor becomes stronger you will be able to add more weights and increase the time you are able to keep the cone in place, for up to 20 minutes a day.

CLINICALLY PROVEN TO REDUCE STRESS INCONTINENCE

# Educator®

Pelvic Floor Exercise Indicator

### What is the Educator®?

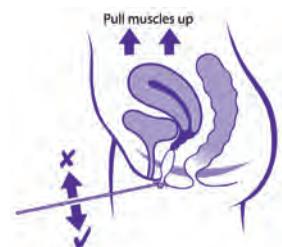

The Educator is a simple lightweight and easy to use pelvic floor exerciser that will help you understand and strengthen your pelvic floor.

### Correct Exercise

One of the main problems women experience when first attempting pelvic floor exercises is knowing whether they are doing them correctly. Many women think they are doing these exercises correctly when in fact they may not be. For pelvic floor exercises to help reduce the symptoms of urinary incontinence it is vital these exercises are performed correctly.

09 125 3707

£14.19

### How does the Educator® work?

The Educator's unique design follows the movement of the internal wall of the vagina, allowing you to see how your pelvic floor muscles are being contracted. If you contract your pelvic floor muscles and the indicator moves downward, you can be sure you're performing the exercises correctly. It's as simple as that!

Even if you can already do pelvic floor exercises, the Educator can assess your technique and monitor your improvement!

### IMPORTANT

Do not use Aquaflex or Educator if you are pregnant, during your period, if you have a prolapse or vaginal infection.

## THE ORIGINAL MCKENZIE® LUMBAR ROLLS

Designed by world-renowned physiotherapist and author, Robin McKenzie, these lumbar rolls when used correctly can prevent and help neck and back pain caused by poor posture. Made to the highest quality and specifications, the Original McKenzie® rolls are the genuine article. Ideal for use in the home or office. Effective, affordable self treatment for life.

### The Original McKenzie® Super Roll

**Firm Density:**

The Original McKenzie Super Roll is a superior lumbar support that provides the ultimate in function and aesthetic value. This roll is made of injected-moulded foam, which retains support for an almost indefinite period. Its flatter, curved shape contours comfortably around the body.

09 123 1877 **£22.30**

### The Original McKenzie® D-Shape Roll

**Firm Density:**

The Original McKenzie D-Shape Roll is made of high density foam and is therefore quite firm. It is recommended for use on soft furnishings such as sofas, lounge chairs etc or for people who require lots of support (heavy-built people, or people with a large hollow in the lower back).

09 123 1802 **£16.05**

### The Original McKenzie® Round Roll

**Medium Density:**

The Original McKenzie Round Roll was the first ever lumbar roll made in the world. Although this roll looks quite bulky, it compresses down very easily, while still giving the appropriate support. Available in a 4" or 5" thickness.

09 123 1752 4" **£16.05**  
09 123 1745 5" **£17.25**

### The Original McKenzie® Heavy Density Roll

**Firm Density:**

The Original McKenzie Heavy Density Roll is available in 4" and 5" thickness, and is perfect for use in the home or the office.

09 123 1778 4" **£16.97**  
09 123 1794 5" **£17.90**

### The Original McKenzie® Airback™

This inflatable lumbar roll is ideal for commuters and travellers. Especially useful on planes where the lumbar support is generally inadequate for long distance travel.

09 123 1851 **£16.60**

### Self Treatment Books

Three books written by Robin McKenzie, aimed at providing valuable information and exercises for anyone suffering from back, neck or shoulder pain.

09 123 0788 Treat your own back **£21.09**  
09 123 0762 Treat your own neck **£17.64**  
09 131 2172 Treat your own shoulder **£21.09**

### The original McKenzie® Slimline Roll

The Original McKenzie® Slimline Roll is designed to be used with modern seating that has some lumbar support. Ideal for the elderly or petite persons and those who have a limited range of motion in their lower back and therefore cannot tolerate the larger size lumbar roll.

09 123 1737 **£15.75**

### The Original McKenzie® Night Roll

The Night Roll ties around the waist to support the lower back and prevent strain that can be caused by bad sleeping positions or inadequate sleep surfaces. This roll is designed to be worn whilst sleeping, supporting the lower back even whilst lying on your back or side. Washable cover included.

09 123 1893 Up to 36" Waist **£22.30**  
09 123 1901 Up to 42" Waist **£24.15**

### The Original McKenzie® Cervical Roll

**A812101** Left £23.83

**A812201** Right £23.83

The Vulkan® AirXtend range of supports features a combination of Airprene™ and Coolmax® fabric to provide optimal comfort and support.

Airprene™ is a closed cell synthetic rubber with perforations that provides support and compression. The perforations in the material allow increased ventilation to reduce skin irritation and improve comfort – this allows the support to be worn for prolonged periods whilst keeping skin dry and comfortable.

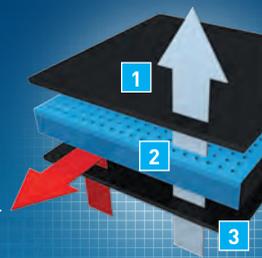

The Coolmax® fabric lining moves perspiration away from the body, and through the fabric, where it can evaporate quickly, allowing you to feel cooler and more comfortable.

The supports feature adjustable tension straps to ensure proper fit with minimal bunching and slippage. Due to its slim line construction the support can be worn under everyday clothing for treatment and support throughout the day.

### AIRPRENE

- 1 Stretch Nylon layer
- 2 AIRPRENE layer
- 3 Stretch Nylon Layer

- Keeps skin dry
- Suitable for all-day wear
- Retains body heat

**Coolmax® fabric:** Moves moisture away from your body keeping you cool and comfortable.

**The Hydrant Drinking Aid**

Being unable to reach a drink without calling for help is frustrating and can lead to dehydration. The award winning Hydrant is a breakthrough drinking aid - designed to give those with limited mobility a way to increase independence and reduce the chance of dehydration, it allows the user to drink whenever they want to without assistance.

The Hydrant system is a 1 litre water bottle, a unique, one piece, cap/handle/clip, a drinking tube with a bite valve and a small clip to attach the tube to clothing if required. The bottle is hung from the bed, chair or wheelchair and the user simply takes hold of the tube, inserts the bite valve between their lips then bites and sucks. The bite valve opens under pressure and closes when released so there is no leakage. Dishwasher safe

**Nosey Cutout Tumblers**

These cups are designed for added comfort and convenience. A special cutout helps to maintain the proper head and neck positioning when swallowing, making drinking even easier. Each tumbler is transparent which enables monitoring of liquid intake. Durable polypropylene makes these tumblers dishwasher safe up to 109°C (228°F).

## Find Dining Range

The Find Dining range is designed to support people with visual and cognitive impairments. These impairments impact significantly on their ability to maintain a satisfactory level of nutrition and hydration and invariably lead to additional problems.

The products embrace the simple principle of colour-contrast to assist people with visual and cognitive difficulties. Although it looks and feels like ceramic, it doesn't have the weight of ceramic, the Find Dining Range is manufactured from a high quality melamine that has some exceptional and valuable properties that make it perfect for all care settings.

## Key Features:

## Homecraft Everyday Bib

A smart and practical bib for everyday use. The colourfast polycotton outer is hard-wearing but absorbent and the soft, flexible waterproof backing ensures that clothes are not stained. All bibs are fitted with press studs so that a pocket can be formed to catch excess food if required. Bibs can be fastened either with hook and loop patches for quick, easy donning, or with metal poppers for extra security. There are two alternative fastening positions for the poppers. The bibs are machine washable and can be tumble dried at low temperatures.

## Homecraft Incurve Plate Surround

This flexible guard can be fitted to ordinary plates to assist with one handed eating. Three clips attach it to the rim and create a high inward sloping face to help with food collection and prevent spillage. Plate size 190 to 254mm (7½ to 10") external diameter. Microwave and dishwasher safe. Weight 45g.

## Tabard Style Bibs

These tabard style clothes protectors are waterproof, absorbent and comfortable. The designs have a subtle, over-the-shoulder shape which provides the attractive and dignified look of a tabard but with a short back, making it an easy shape to put on and take off. The tabards have wide shoulder coverage and are shaped at the front to enable free arm movement at mealtimes. The long lasting snap fasteners are reinforced to ensure they stay firmly fixed in place allowing wide adjustment around the neck to suit most sizes or, alternatively, the tabards can be stretched over the head for convenience.
