LAVENDER VILLA

Residential

Lavender Villa offers a special atmosphere where residents can feel comfortable and cared for. Residents receive first class, individual care. Everyone is treated with the utmost dignity and respect.

The home caters for a variety of needs from frail and elderly residents who need assistance with their care, to those who require respite care. Residents and their relatives are involved in all decisions and experienced staff ensure they maintain maximum independence.

Home Comforts...

Lavender Villa offers 20 spacious, en-suite rooms designed to be both comfortable and functional. New residents are offered a choice of décor, view and location. Some rooms enjoy views of the golf course and coastline and others benefit from private balconies.

The rooms come fully furnished and residents can select their own colour scheme. Each room complies with the new residential home regulations. The home also benefits from two larger separate assisted bathrooms to meet individual care requirements.

Home Away From Home...

With just 20 rooms, Lavender Villa is intimate and homely in style. The aim is to create a 'home away from home' where the residents and carers form close bonds. The home offers all modern facilities including:

- Therapy Room
- Hair Salon
- Landscaped Gardens
- TV Lounge
- Large Reception Sitting Area
- Library Corner
- Dining Room
- Sun Patio

Bespoke Dining...

Residents of Lavender Villa benefit from an array of dining options and menus can be tailor-made. There is a beautiful dining room but it is also possible to enjoy room service. Family and friends are very welcome to join for lunch al-fresco on the terrace.

Great care has been taken to ensure the use of fresh seasonal produce whilst retaining variety for diners. Service every day includes breakfast, morning coffee, lunch, afternoon tea, and dinner. Any special requirements or requests are also catered for.

Location, Location, Location...

Lavender Villa boasts an enviable location overlooking the Royal Jersey Golf Course. Residents enjoy the independence of local shops and restaurants in Gorey Village and beaches on their doorstep. When desired, the manager arranges daily and evening activity programmes.

Transport is provided for access to town, taking local trips, and attending residents own clubs and associations. For residents who like to take their own transport, parking is available and the Number 1 bus stops outside.
