About us.

At LV we are ambassadors for independence and quality of life. As a locally run, locally focused care group we want to do what is right for you and your family. We know there is not one solution for everyone.

Offering residential and nursing accommodation and Home Care, we are equipped to find the right solution for you. At LV we offer the full cycle of care, which can be fully tailored to your needs.

What makes LV Care so different?

Everything we do puts the resident at the heart of things.

The care and services we provide are delivered by trained professionals who are dedicated to enriching lives by looking after and supporting health, wellbeing and safety.

Residential & nursing homes

Our residential and nursing homes enable you to enjoy living in a beautiful home, whilst ensuring you have full nursing assistance on hand. Your independence and quality of life remain paramount and every resident is treated with the utmost respect.

Our nursing teams are highly skilled, regulated and offer a premier standard of care. Whatever your personal circumstances, we will find the right solution for you.

Home care

There are such positive feelings that all of us associate with being home. When we are not feeling well, most of us ask to go home. When we are feeling well, we enjoy the sanctity of our residences and the joy of being with our loved ones. Home care keeps families together. There is no more important social value. It is particularly important in times of illness.

Our mission is to enhance the lives of our clients and their families by providing the highest quality care, companionship and support.

“We are so pleased our mum found a second home with you. We cannot thank you enough for your care since she has been with you...”

Le Petit Bosquet.

Residential and nursing home

The food must be good enough for a restaurant, the setting must be good enough for a hotel, however, the care is the most important element and must be the best part of the experience.

The home caters for a variety of care requirements from frail and elderly residents who need assistance with their care, to those who require respite or full 24-hour nursing care from registered nurses. Whatever your personal circumstances are, Le Petit Bosquet will find the right solution.

Le Petit Bosquet focuses on individually tailoring care. Carers work around desired routines to make sure Le Petit Bosquet feels like a home from home.

Expect to receive first class, individual care and to be treated with the utmost dignity and respect.

More than just staff...

Having grown up in Jersey Amanda left in 1986 to train and work as a nurse in the UK. Once she had qualified as a nurse, she worked in acute medicine moving into specialised community care before returning to Jersey in 1996 to raise a family.

She has been nursing for over thirty years and during this time have gained valuable experience working with older people, some who were living with dementia.

Amanda is very happy to have the opportunity to manage Le Petit Bosquet. Believing that care provision for the older person should be underpinned with respect and compassion provided in an inclusive homely environment.

With a strong team behind her, she will continue to build on the high standards of care currently being practised and ensure that the dignity, well-being, and safety of our residents is always a priority.

A caring team.

Key to success

Each prospective employee is background checked for your peace of mind.

After interviews, successful candidates are only employed when satisfactory references and DBS (Disclosure and Barring Service) checks have been received.

Prior to joining our team, all our staff receive full training and a comprehensive induction to ensure they provide care that attains our standards of excellence.
