Our nursing teams are highly skilled, regulated and offer a premier standard of care. Whatever your personal circumstances, we will find the right solution for you.

## St. Joseph's

Residential & Nursing

Set in beautiful mature gardens in St Helier, St Josephs has been at the heart of the caring community in Jersey for over 100 years. Once operated by an order of nuns dedicated to the care of the old and infirm the home retains a spiritual air, complemented by the integral Chapel which hosts a large Catholic congregation.

The home caters for a variety of care requirements from residential to nursing and also includes an area purpose built for those with dementia.

Whatever your or your loved one's personal circumstances St Josephs can offer the right, personalised solution.

Tracey career started in care some 25 years ago as a care assistant, she then qualified as a RGN within an established care home in Huddersfield, eventually taking on the role of Community Care Manager/Matron. With the experience she gained she then undertook a 50 bedded home and was instrumental in setting up a residential dementia unit to add to their services. In doing so, the Senior Management and Directors of Four Seasons Healthcare approached Tracey to support other their other homes within the Group who were going through CQC and contract embargos. Which she did so extremely successfully.
